

## **PEN-LUBE PF-715**

### **PENETRATING OIL & LUBRICANT**

#### Description

Pen-Lube is a non-flammable, multiple-action penetrant, lubricant and protective shield that is highly effective and easy to use. Effective for freeing encrusted nuts and bolts due to rust and corrosion and will lubricate equipment such as drills, presses and lathes. Pen-Lube stops corrosion on battery terminals, and is excellent for starting wet engines and removing moisture for ignition wires.

#### Features & Benefits

- Prevents rust, prevents corrosion, displaces moisture and lubricates in one effective step
- Makes assembly and disassembly of machinery easier
- Instantly eliminates squeaking caused by metal to metal contact
- Will provide short-term rust protection where applied
- Silicone-free formula will not interfere with subsequent painting

#### Physical Data

**Appearance:** Liquid  
**Color:** Amber  
**Odor:** Petroleum Distillate Scent

#### Application

Can be used on either dry or wet surfaces. Spray liberally on area to be treated, reapply periodically as required. Periodic checks should be made to determine the need for reapplication.

#### Health & Safety

See the most recent MSDS which is available directly from Precision Fluids, your local salesman, or authorized distributor. Precision Fluids uses only raw materials not listed as carcinogenic by IRAC.
