

POWER STAMP 3170

PUNCH & PIERCE LUBRICANT

Description

A low viscosity non-chlorinated punch and pierce lubricant heavily fortified with extreme pressure and high lubricity additives. Ideally developed for use on aluminum.

Features & Benefits

- Will handle every level of difficulty
- Extremely stable
- Selected base oils and additives decrease tool wear
- Suitable for all materials and alloys
- Increased corrosion protection
- Weldable and paintable

Health & Safety

See the most recent MSDS which is available directly from Precision Fluids, your local salesman, or authorized distributor. Precision Fluids uses only raw materials not listed as carcinogenic by IRAC.

Physical Data

Appearance:	Clear, Straw Colored
Odor:	Bland
Flash Point:	300°F Minimum
Fire Point:	320°F Minimum
Specific Gravity:	0.90
Viscosity:	60" SUS @ 100°F
Toxicity:	Contains no heavy metals or materials hazardous to health

Dilution

Used as received; may be diluted with minerals or solvents.

Application

Spray, dip, or swab
